I am writing to you on behalf of The Village of Caledonia Park and Recreation Department. We are in the process of planning our 3rd Annual Golf Fundraiser to benefit our "Friends of the Parks" youth organizations. The event will be on August 6, 2017 at South Hills Country Club. Our goal is 144 golfers with a shot gun start. We are planning various hole challenges along with raffle items that will bring more excitement for everyone.

 The Racine Spartans Soccer Club and The Caledonia Baseball/Softball Youth organizations provide a positive playing experience to many kids within our community. We believe that youth sports provide a unique and powerful opportunity to teach our youth lessons that will carry them well beyond their days on the playing field.

We are asking for your support with a donation for our event. We are looking for any type of merchandise, gift certificate, or a monetary donation that would help us in raising funds for our "Friends of the Parks".

Our fundraisers have help with upgrading our baseball diamond dugouts roofs. We would also like to also support our youth soccer organization with improving the field conditions and assisting in financing an equipment storage building.

All of our sponsors will be recognized during the event and we will have a display area to promote your business along with any hand out information. Please see our advertising flier which we can add your business logo or donation if we receive by July 28, 2017.

We would greatly appreciate your consideration in sponsoring. We hope that everyone will benefit from this outing and have a great time while helping us support our youth organizations which are both a 501c3 nonprofit group.

Thank you again!
Randall Solberg
